

# CHAINWIRE FENCING

## OUR PROCESS:

1. Contact us to discuss your scope and timeframes.
2. A quote and drawings will be prepared & once accepted the job will be booked in.
3. Installation begins. You will be updated on progress and expected finish date.
4. Project is completed and site is cleaned & in working order.

## POSTS AND RAILS

Posts and rails can be a standard galvanised finish, or powdercoated black. Top and bottom horizontal rails are available, with 3.15mm tensioning wire as a lower cost option. Barbed wire can be installed over the top of chainwire for properties requiring higher security.
